DON'T YOU JUST HATE . . .

When people don't know what they're talking about, but they will argue you down until they're right.

When someone doesn't like to share but loves to beg.

LIARS!!!

When your check doesn't come.

When you're talking to Syeda Lamb and she starts preaching

When you tell someone you love them and they laugh in your face.

When you walk into a classroom and everyone stares at you.

When Ms. Cato tries to be everybody's mother.

When you fall and everyone sees you. Carrying books home.

When you get your hopes up high and someone lets you down.

When you're doing your best and don't get recognized.

When Joyce R. falls in love!

When teachers tell you to go to class.

When our school competes with a sub-urban school and loses.

When the football players expect the "ROYAL TREATMENT."

When things don't go right.

When you only have a little bit of food and someone asks, "Can I have some?"

Getting to school at 8:29 and the security guards closes the door in your face. 7:30 Detention.

When you're counting a large amount of numbers and lose count.

When it is snowing hard and school is still in session.

When you run to the phone and it stops ringing.

When the teacher asks you a question

in front of the class and you don't know the answer.

When Mr. Bragg tries to break fly.

When you get caught roaming the halls.

When a guy tells you that he loves you and he is only after one thing.

When your mother tries to embarrass you in public.

When you stay up all night to finish an essay and your teacher doesn't collect it.

When you have to go to the bathroom and someone is using it.

When you're talking to someone who has bad breath.

CAN YOU IMAGINE . . .

James Means as a homeboy?

West Side with shades, lockers, and doors on the girl's bathroom?

West Side without Mr. Malone?

Bridgette Davis going to eight straight classes?

Being the richest person in the world?

Mr. Malone without any detention slips?

Tianza Williams and Tonya Whitehead not being together?

Dawn Wilson and Ann Bowser not supporting the Class of 1987,

Joyce A. Richardson not talking to Irene Holmes about Kevin?

Doreen Shells with dread locks?

Mr. Whipps wearing that blue track suit all year without changing it?

Tammy Goode cutting class?

Dawn Wilson going a day without saying, "Can I have some?"

Seeing Arnold Colston without Clarence Darden?

Mr. Klass not interrupting you when he calls you to read?

Stacey Dupree not gossiping?

Tonya Wilkinson not being called Peaches?

Mr. Malone without teeth?

Syeda Lamb at Club 88?

Sheronda Ervin as a nun?

Chantel Moses as a bag woman?

Irene Holmes a mud wrestler?

Tamarra Olivo a "Go-Go" dancer at the Elaganza?

Jeannie Price without her big earrings?

Mr. Klass dressing up-to-date?

Mr. P. Taylor old, fat and sloppy?

Ms. Edmunson smiling for a whole class period?

Christine Broadnax missing one of her front teeth?

Keisha Sherrod weighing 160 pounds?

Mr. Adler not trying to crack jokes?

West Side without Mr. Potts?

REMEMBER WHEN . . .

Kurtis Blow came to West Side?

The photographer came to take pictures and he got hit in the eye with an egg?

West Side had a blackout and everyone was sent home? (9th grade)

Tanayo Dudley was playing basketball and she threw the ball in the other team's basket?

West Side had daily food fights and fire drills?

The football players went skating and none of them could skate?

The Boston Celtics won the Basketball Championship against the Houston Rockets?

We could go out for lunch?

West Side was losing all of their football games?

West Side had no lockers?

The guys dressed as girls and girls dressed as guys?

The seniors gave a skating party and Raffaele Halsey and Jon Pennix were holding each other up?

Bell bottoms were the style?

You had to be in the house before dark?

Keisha Jones fell out of the chair in the library?

Mr. Adler attempted to undress Mr. Klass during the faculty basketball game?

We were freshmen?

The seniors, (C/O '86), got mad because the juniors (C/O '87) beat them in basketball?

Ms. Cato said "Isn't she pretty?", and she was extremely ugly.

West Side beat East Side 22-0?

The Candy Girls Inc. turned out the 1984, 85, and 86 Talent Shows?

Mr. Potts gave a chicken party, for the football team, and they cleaned the meat off the bones?

Mr. May gave Joyce and Irene their first "F"?

Mr. Kunda wore braces for both his back and his teeth?

You dreaded becoming a senior because you might have Mrs. Miller ("KILLER MILLER") for a teacher?

Mrs. Bennett was Vice Principal.

MY MOST EMBARRASSING MOMENT

When I fell down the stairs of West Side.

On my first date, I was so scared that, I coughed all through the movie and the couple sitting next to us offered me a Vicks.

When I fell trying to run from the security guard.

When I sang the wrong song in church.

When I was sitting in class, the sun was shining on my head and my curl started to smoke.

When I was cheering and my briefs were in an uncomfortable position.

When I came to school with my shirt on backwards.

When I ran to the side door just to have it closed in my face.

When I wore mix-match socks and everyone knew it but me.

When my top came down while I was swimming.

When I received a beating in front of the class.

When I fell during a relay race in gym.

When I tripped on my own shoe string while playing touch football.

When I wore my shorts on the wrong side.

When I was standing in church and the buttons of my blouse were open.

When my mother yelled at me in public.

When I told the funniest joke I knew, and no one laughed.

When my mother's slip fell down while trying to catch the cab.

When I went to kick the ball and someone moved it.

When my teacher told everyone I was a space cadet.

When I brought my new boyfriend home to meet my mother, and when she spoke, her false teeth fell out of her

mouth.

When I was playing volley-ball and the ball hit my glasses and broke them.

When I was walking down the hall and everyone called me "BOY GEORGE."

When my mother called my boyfriend John and his name was Michael.

When I spoke highly of this guy, and as I finished my sentence, he walked by with a girl.

WHAT'S YOUR EXCUSE FOR NOT DOING YOUR HOMEWORK?

I did it, but I left it home.

I was tired from making bottles and changing pampers.

My dog ate it.

I didn't understand it.

The cat urinated on it.

I lost track of time.

I lost it.

I didn't have any more notebook paper.

I didn't know we had any.

My pencil broke.

I was watching Dynasty.

I broke my finger last night.

I was sick.

Death in the family. My cat got hit by a Tonka truck.

I had to do something for my mother. My sister didn't have time to do it for me.

Mr. Edmunson gave me too much work.

My mother threw it in the garbage.

The bus was held up and the thieves took my book bag.

I took a nap and woke up too late.

I got a beating last night.

A TEACHER'S PRAYER

I want to teach my students how
To live this life on earth
To face its struggles and its strife
And to improve their worth
Not just the lesson in a book

On how the rivers flow
But how to choose the proper path
Wherever they may go
To understand eternal truth
And know the right from wrong
And gather all the beauty of
A flower and a song
For if I help the world to grow
In wisdom and in grace
Then shall feel that I have won
And I have filled my place
And so I ask your guidance, God
That I may do my part
For character and confidence
And happiness of heart.

Dear Seniors:

I'm genuinely please to share with you these important moments in your lives. I'm pleased, first of all, because your graduation represents a celebration of one of the most cherished cultural values of the human race—enlightenment. I'm pleased, secondly, because your graduation represents for all of us, an occasion for sober reflection on the deeper meanings of life. And it is to this purpose that I wish to invite your attention in my message to you.

You shall live out your lives in the most sophisticated culture ever to have been developed on the planet Earth. It is at once your high privilege and your awesome burden to bear the label, "Twenty-First Century Man". Your age is an age of "Adventures of the Mind," especially as such adventure is reflected in scientific endeavor. Your age is the age of the atom, of space travel, of the thinking machine, of drugs that can shape men's minds, of symbolic logic, of hidden persuaders, of assault on the very riddle of life itself. Your age is hardly, however, an age of "Adventures of the Spirit." "Twenty-First Century" man celebrates his mentality but not his humanity. He strives to shove out his mental horizons, but neglects to cultivate the humane side of his nature.

The real question of the future, it appears to me, is the question of whether man can learn to educate his heart as well as his mind—whether he can learn to combine mentality with morality. Remember, "A future worth contemplating will not be achieved solely by flights to the far side of the moon. It will not be found in space. It will be achieved, if it is achieved at all, only in our individual hearts."

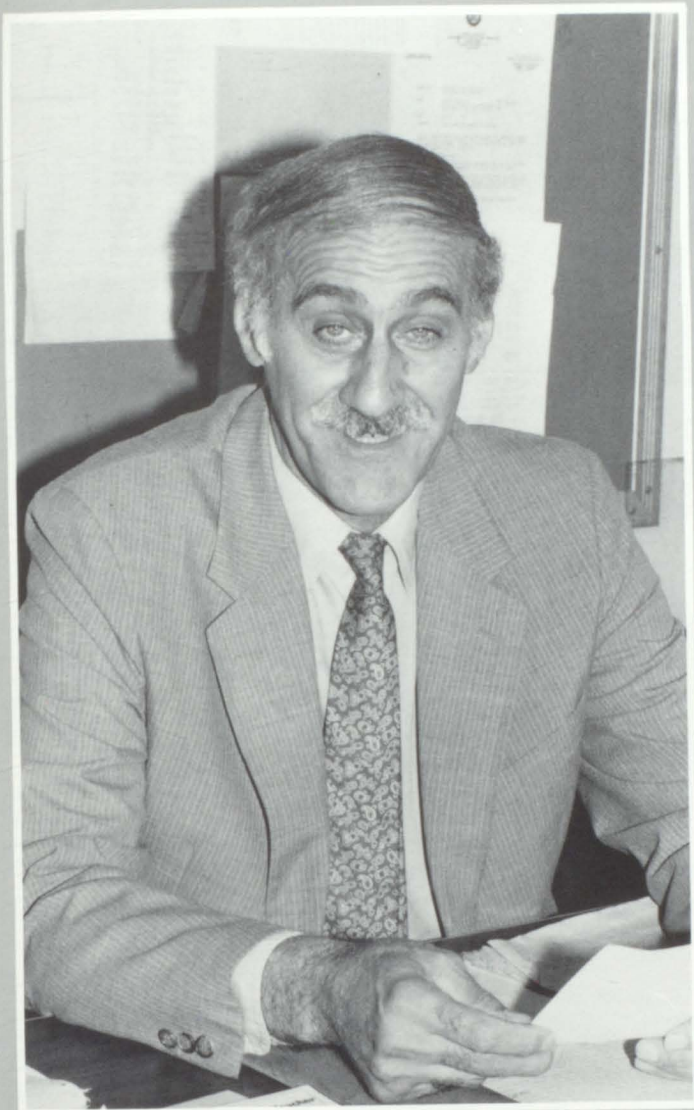

Here is the overriding issue that I wish to explore with you—the issue of creating a better moral world for yourselves and your contemporaries. It must be obvious that whether you will find for yourselves the so-called "Good Life" and whether you will be able to help build a "Good Society" will rest at last on the question of your vision of the good. You shall need to take stock of your values and find yourselves a firm moral stance.

And so, in the spirit of this splendid movement, warm with goodwill and the fellowship of the future, I say with a full heart, go forth and fulfill yourself.

Love and peace,

Nathaniel L. Potts

The marching Band entered the arena of field competition for the first time this year; competing in Hamilton Township, Middletown, Rockaway, Bayonne, North Brunswick, Wildwood, and Jackson, N.J.; Hershey, Pa.; and Baltimore, Md. Mr. Ellis was quite pleased with each performance.

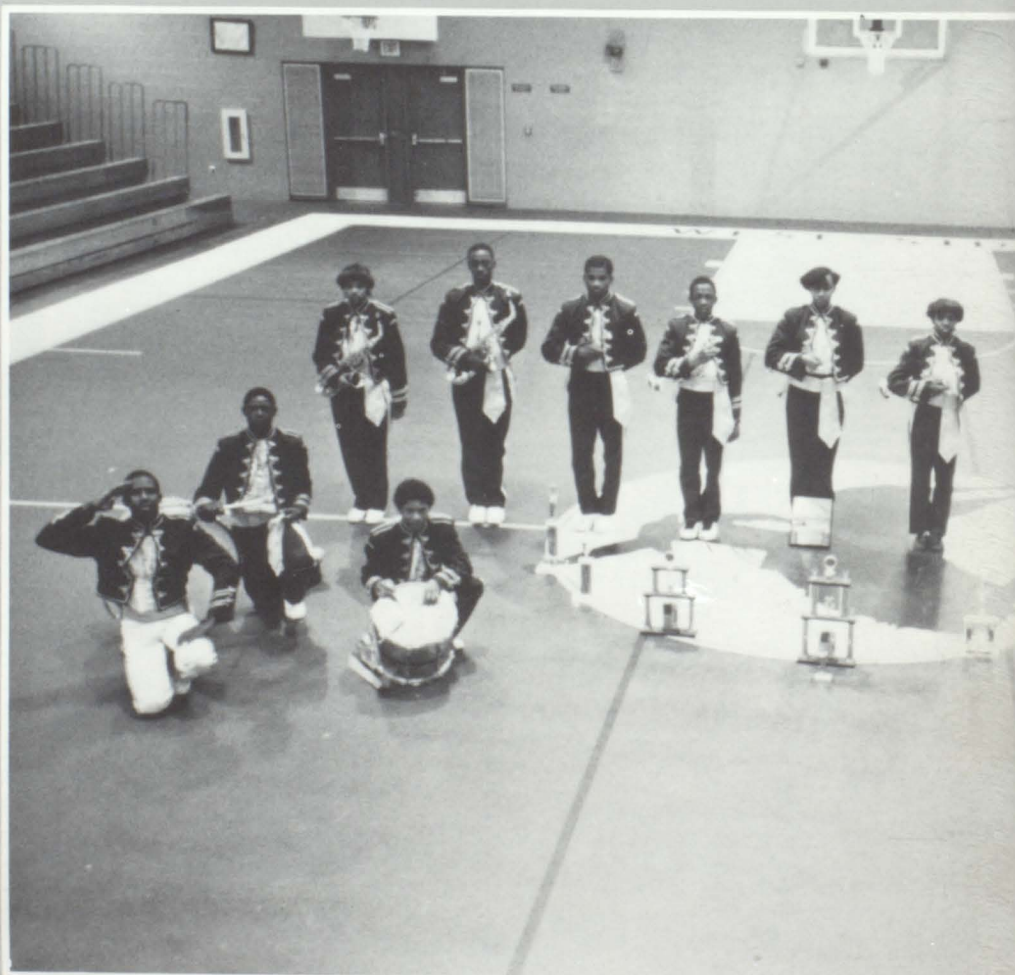

The band performed during basketball season on behalf of the New Jersey Nets, Seton Hall University Pirates, and The Newark Rutgers Raiders. In addition, the band has performed at the Newark All-City Marching Band Festival and to date, the group is still going strong.

Senior captain Jerry Flounory was the main catalyst for the boys during the 1986 season. This talented senior is the team's leader; and when he performs well, so does the team.

Thomas O Quendo, Troy Johnson, Granger Darden, and Clarence Montgomery were the other members of the team.

Chantel Moses and Doria Arrington were the key performers for the girls. The two captains led the team into battle each and every week. Rachel Winn, Lakisha Culver, Kawana Coleman, Katina Thompson, Renee Gosier, and Petrish Cash were the other team members.

Overall, the team ran extremely well and was a credit to the West Side community.

West Side-Almost Champs

West Side's football team finished 4-1-1 overall, one game shy of a City championship. Because West Side had more school spirit and more togetherness, the result was more victories than the team has had for a long time.

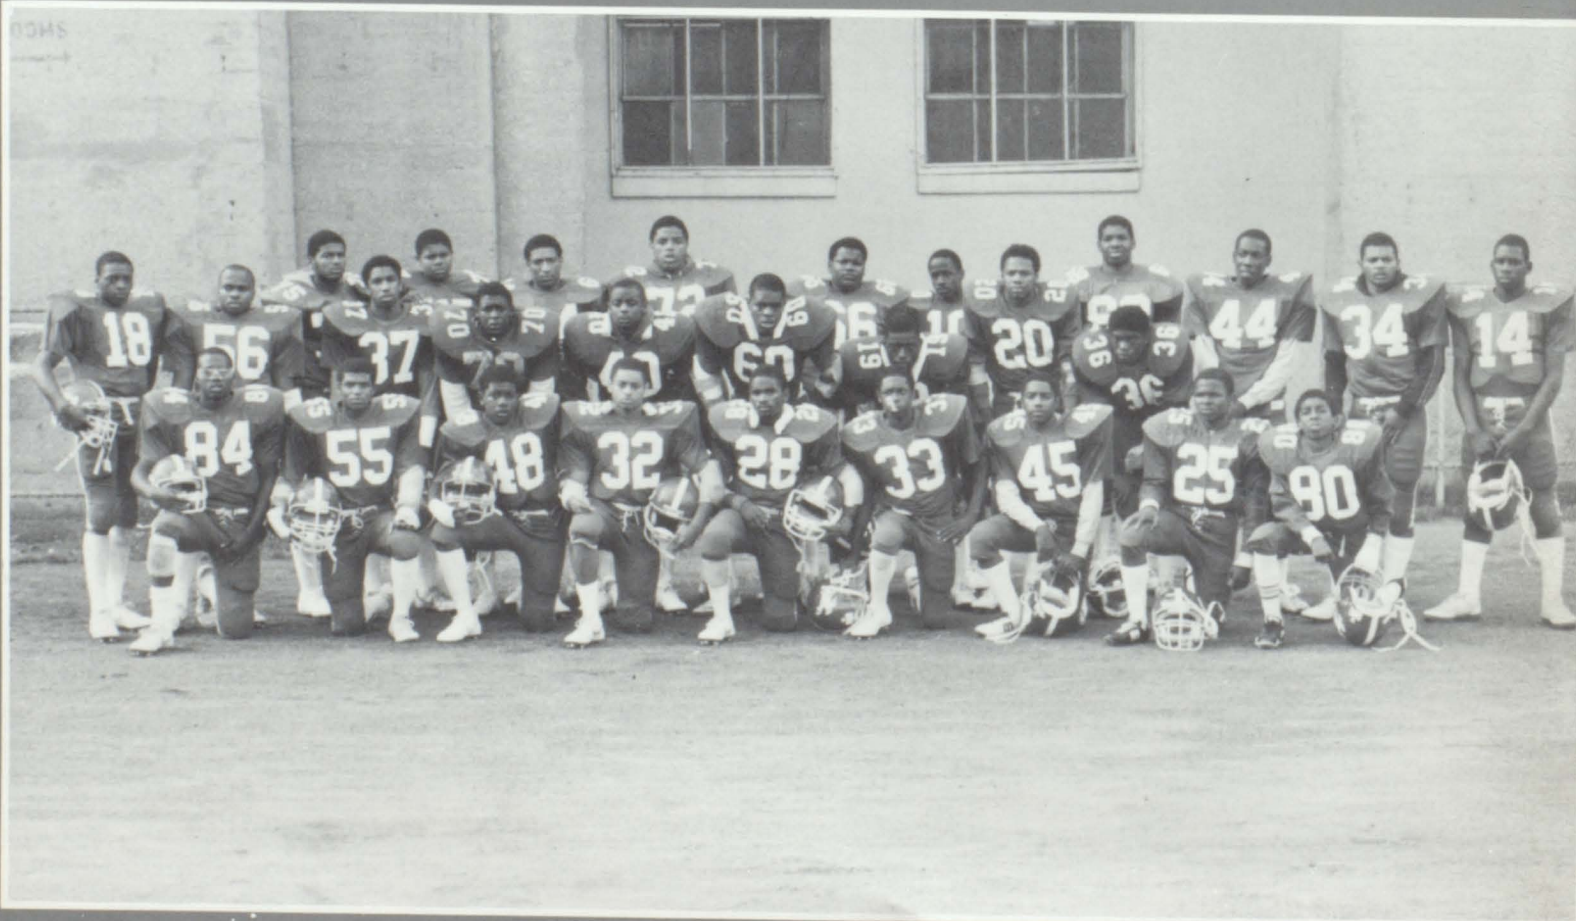

Some of the highlights were: Raffaele Halsey catching an 80-yard touchdown pass against East Side. Horace Roberts throwing for 245 yards and one touchdown in the game against East Side. Donald McNeil rushing for 191 yards and two touchdowns, also in the East Side game. Raymond Hardy rushing for 121 yards and two touchdowns against Central. Mark Caesar running an interception for a touchdown against Jamesburg.

West Side's defense shut out Shabazz, East Side, and Vailsburg. The Riders defense stopped Shabazz on the five-yard line to help win the game. Mark Suber did the "whopp" on the field before the games with Shabazz and Central ended. Quania Norris scoring a touchdown on an interception against Vailsburg is also remembered.

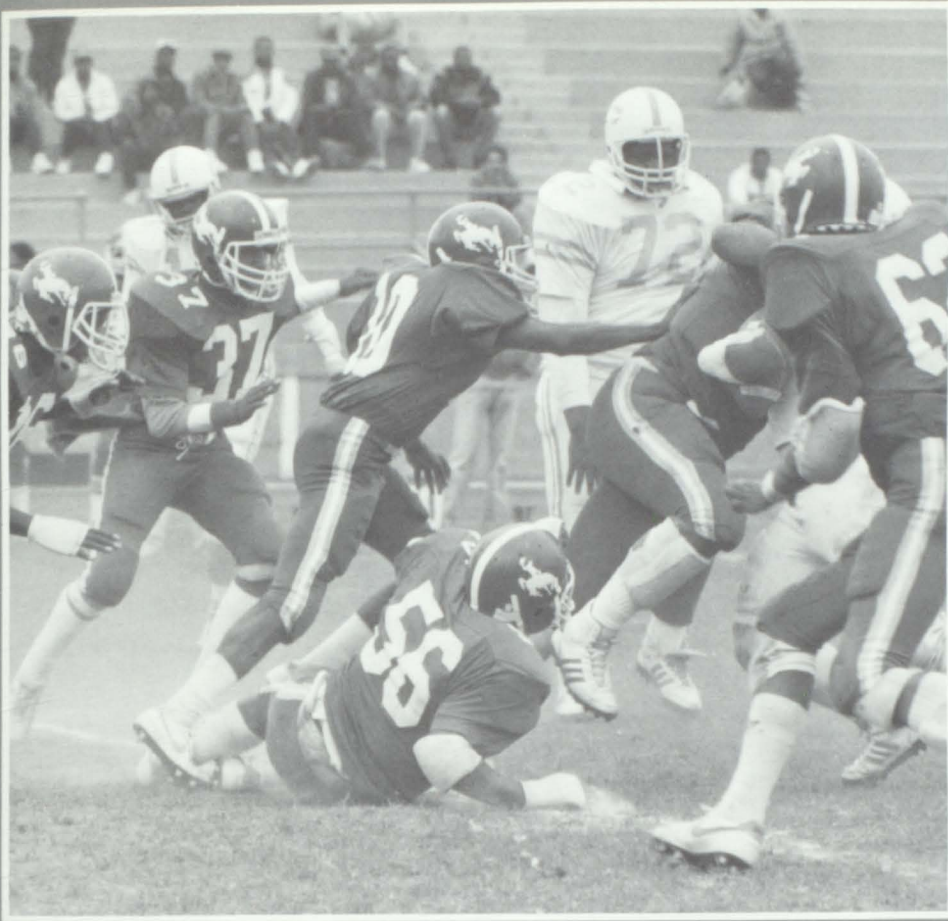

The West Side Roughriders are up and on the rise! Keep up the good work in all future seasons!

BASKETBALL

Standing: Assistant Coach Jimmie Dykes, Mark Lighten, Donald Armour, Alonso Perkins, Ricky Hamilton, Mark Caesar, Coach David Wright. Kneeling: Sadiq Ishmil, Vernon Bradbury, Ralph Curtis, Teah Julu, Horace Roberts, Ronald Featherstone.

The 1986-1987 season was a tough one for the Roughriders. The team played hard throughout the season, but couldn't seem to get any breaks. Seniors Ron Featherstone, Ralph Curtis and Alonzo Perkins helped make the season exciting. Many of the games went right down to the buzzer and with a little bit of luck the Riders would have won quite a few games.

Our thanks to coach Wright and his players for doing their best during a very difficult year.

THE

Word

IS OUT!

JUNIORS

DON'T QUIT

When things go wrong, as they some-
times will,
When the road you're trudging seems
all uphill,
When the funds are low and the
debts are high,
And you want to smile, but you have
to sign,
When care is pressing you down a
bit - - -
Rest if you must, but don't you quit.

Life is queer with its twists and turns,
As every one of us sometimes learns,
And many of person turns about
When they might have won had they
stuck it out.
Don't give up though the pace seems
slow- - -
You may succeed with another blow.

Often the struggler has given up
When he might have captured the
victor's cup;
And he learned too late when the
night came down,
How close he was to the golden
crown.

Success is a failure turned inside out- - -
So stick to the fight when you're
hardest hit, - - -
It's when things seem worst that you
musn't quit.

The 1987 Lamp yearbook staff worked hard and diligently to produce a memorable portfolio of our senior year at West Side High School. The staff put in many hours after school and many lunch periods to make sure every page was complete and mailed to the publishers. Many were here during the months of September through December, however, only a few of us were left to the end.

Putting this yearbook together took more than just choosing words to go with pictures, it took *patience* in waiting for pictures and stories; an *understanding* that everyone could not be on every page; *quality* to make sure that every page was different and interesting; and vast *co-operation* from the entire staff and graduating class.

Our theme, "The Word is Out" clearly states that many of us have been accepted to colleges, and others will enter the job market or military services. The word is out that the Class of 1987 is reaching for the stars and know where they want to go. The word is out that we have come a long way, but still have a long way to go. Being the special people that we are, we will get there.

My experience as editor of this yearbook has been wonderful. I had the honor of working with committed people and undergoing the joy of learning new things. My experiences were greatly enhanced by the opportunity that I had to work with Ms. Mary H. Cato, a woman of great depth. She has been an inspiration in my life. She was always there when we needed her and always had the right answers for all our questions. Her devotion to this yearbook and to the staff is greatly appreciated. She will always be remembered.

We, the yearbook staff, hope this year's book has helped you to remember that "The Word Is Out", success comes first. Whatever you choose to do, do it with dignity. I wish you all much success and a life time of good luck!

Good luck in all your endeavors!
